

Prevention and Awareness Programs

Prevention and awareness programs are offered by the University to all incoming students, returning students, and employees.

New students are required to complete the online Campus Clarity program, "Think About It," designed to educate students about sexual assault, bystander intervention, and alcohol awareness.

Employees participate in the online course, "**Workplace Harassment Prevention 110.**"

The ongoing program of choice offered by Jacksonville University is sponsored by the One Love Foundation, and consists of components that address relationship violence, sexual violence prevention, by-stander intervention, alcohol and substance use as well as other important information designed to reduce the risk of sexual violence, dating violence, domestic violence and stalking. These programs are offered on an on-going basis by the Student Life Office (256-7067).
